Javascript | React.js | React Router | Context API | Redux | HTML | CSS | Bootstrap | Tailwind CSS | Material UI | Shadcn | AJAX | JSX | Git | SVN | Strapi | API Integration | DOM | Firebase | JSON |

Software Development | Responsive and Adaptive Design | Cross-Browser Compatibility | Object-Oriented Programming | Familiarity with Agile, Scrum and Software Development Methodologies

Experience/Projects

Software Engineer, Impelsys   *Oct 2022 - June 2024, Bengaluru, India*

LetMeLogo: *A Logo Creation Tool* | https://letmelogo.vercel.app

- Created a user-friendly logo creation website for individuals and small businesses needing quick, customizable logos.
- **Features:** Users can easily add and customize icons from a vast library, personalize logos with a dynamic color picker, and quickly preview and download their designs in multiple formats.
- **Tech Stack:** Built with React.js, JavaScript, Shadcn UI, Tailwind CSS.

TechTalkCentral: *A Blog Website* | https://techtalkcentral.vercel.app

- Build a sleek and responsive tech blog website using React.js, JavaScript, Shadcn UI, Tailwind CSS, and Strapi.
- **Features:** Users can seamlessly read and explore tech blogs, utilize an advanced search function to find specific content, and filter articles by tags, all within a responsive and user-friendly design that adapts across devices.
- **Tech Stack:** Leveraged React.js for dynamic frontend, Tailwind CSS, MUI and Shadcn UI for modern styling, and Strapi for backend content management.

Hit: *E-Learning Website*

- Created a powerful platform for the American Heart Association that equips healthcare IT professionals with vital industry insights and standards. Incorporated Accessibility Improvements According to WCAG.
- **Delivered Industry Expertise**: Offered in-depth information on key stakeholders, their roles, and the complexities of revenue management within the healthcare IT sector.
- **Tech Stack:** Utilized JavaScript, HTML, CSS, Bootstrap, and JSON to create an engaging and interactive application for the American Heart Association.

Interactive eLearning Module for Department of Education, Philippines

- **Created Interactive Content**: Designed engaging eLearning modules with Lectora, incorporating quizzes and multimedia.
- **Optimized Learning Experience**: Ensured seamless navigation and responsiveness across devices.

Education

RV College of Engineering   **Aug 2020 – Sep 2022**

Master of Computer Applications   *Bengaluru, Karnataka*
